

# 1st euROBIN COOPETITION 2024

## EUROPEAN ROBOTICS WEEK 2024

**Nancy, France - November 25-28, 2024**

After the success of the euROBIN Week 2023 in Seville, we are glad to announce that the **euROBIN Week 2024** will take place in **Nancy, France**, in the beautiful **Centre Prouvé on November 25-28**. It will be co-located with the international robotics conference IEEE/RAS HUMANOIDS 2024, taking place in Centre Prouvé on November 22-24.

The euROBIN Week will feature the **1st euROBIN Coopetition (collaborative competition)**: the best European teams in Robotics & AI will collaborate and compete at the same time to solve several robotics challenges in the Personal Robotics, Outdoor Robotics and Industrial Robotics domains.

Several **outreach activities** for schools and general public are also organized in parallel to the competition, to further disseminate the results of the European teams to the public. **Media presence** will be onsite.

As of today, 18 European Teams have already registered to the euROBIN event. Several competing teams will be exhibiting and rehearsing for the competition in the days before the event, at HUMANOIDS 2024.

Do not miss this opportunity to meet the best robotics teams in Europe and **showcase your robotics research and products!**

# 1st euROBIN COOPETITION 2024

## EUROPEAN ROBOTICS WEEK 2024

Nancy, France - November 25-28, 2024

### COOPETITION & HACKATHON

2400m<sup>2</sup> of space, ground floor access & easy logistics  
Coffee breaks in the competition & exhibition area to ensure high foot traffic and entertainment

### DOZENS OF ROBOTS OF ANY KIND

drones, industrial arms, mobile manipulators, humanoids, mobile robots...

# 1st euROBIN COOPETITION 2024

**EUROPEAN ROBOTICS WEEK 2024**

**Nancy, France - November 25-28, 2024**

**100+ ROBOTICS  
RESEARCHERS FROM  
ALL EUROPE**

**ACADEMIC TEAMS  
SMEs  
STARTUPs**

# PROGRAM

	FRIDAY NOVEMBER 22ND	SATURDAY NOVEMBER 23RD	SUNDAY NOVEMBER 24TH	MONDAY NOVEMBER 25TH	TUESDAY NOVEMBER 26TH	WEDNESDAY NOVEMBER 27TH	THURSDAY NOVEMBER 28TH
<b>EVENT</b>	HUMANOIDS 2024			EUROBIN			
Centre Prouvé Hall 1&2 (all day)	Industry Exhibition						
	Humanoids competition						
	EuROBIN coopetition						
Centre Prouvé (all day)	Workshops & Tutorials	Oral session Amphiteatre 850 Poster sessions Hall 850				Collegium on Human- Centered Issues	
<b>Social events</b>	Welcome Party Town Hall	Young Professional Lunch & Happy Hour TC WBC & Banquet Centre Prouvé	WIE Lunch & Happy Hour TC Cognitive Rob & Farewell Party Opera		Banquet Centre Prouvé		Farewell Party Centre Prouvé
<b>Outreach</b>	Nao & LLM (18+ yo)	"Discover Robotics" Classes (6-14 yo)					
	Robot soccer tutorials (14+ yo)						
		Guided tours for general public (0-99 yo)		Guided tour of robotics area - for primary and secondary schools			
	Discover robotics conference (18+ yo)						
	Soft Robotics - Conference for students (12-18 yo) by Christian Duriez - (in French)			Robotics, AI, Society - Conference for general public (16+ yo) by Lionel Obadia - (in French)	GaroutzIA - Robotics and AI Theatre plays (12-18 yo) (in French)		From intelligent machines to thinking machines - Cine- debate by Alain Dutech (12-18 yo) (in French)
